CAPE COD COMMUNITY COLLEGE SEWER ROAD WORK
BEARSE'S WAY

The Cape Cod Community College and C.C. Construction, Inc. will be performing sewer improvements on Bearse's Way in Hyannis between Route 132 and Enterprise Road. Improvements include excavation of the roadway for the installation of sewer piping and paving. Work is expected to be completed by Friday, October 7, 2016, weather permitting.

For Friday, September 16, 2016, vehicle travel southbound along Bearse's Way between Route 132 and Enterprise Road will be prohibited. Traffic is detoured down Route 132.

For the week of September 19th, vehicle travel southbound along Bearse's Way from Route 132 during construction operations will be detoured down Pitcher's Way. Vehicle travel northbound from Route 28 along Bearse's Way will be minimally impacted and will consist of one lane traffic along Bearse's Way. Motorists are advised to seek alternate routes to avoid the construction work.

Operations will start promptly at 7 AM and run until 5 PM, after which time traffic will be opened back onto both lanes of the roadway.

As always, please slow down and use extreme caution when traveling through the road construction areas and follow posted safety signs.
