Bruce- We are slightly ahead of budget to this point, membership numbers are at 95%. The move to all organic is currently underway. Bruce introduces Matt Weaver and his partner from Inteligrow to discuss their product Civitas that the courses will be using.

Matt explains what OMRI listed Organic products are and what the percentages of control you can look for using these.

Keith and Ron asked about what to look for, and how will the course be affected overall.
Chris and Matt both explained some of the issues that you are going to start to see especially at Olde Barnstable because of the amount of play it gets.

Director of Golf Maintenance Report – Chris White

Bruce and I have been sorting through a lot of research on how to move forward, we visited the Vineyard Club and have met with many professionals. We have started Civitas at both course and we will need to close the back nine more often at both courses to get the product out. We also raised the height of the greens to help cope with potential dangers.
