Partial Demolition, Built 1865, Inventoried

Mr. Cook noted that this house was built in 1865 and is known as the William Gifford House. The Commissioners reviewed photographs of the existing building and drawings of the proposed covered porch and dormer, with the removal of the rear section of roof and a small piece of wall to be the only demolition. Nancy Shoemaker confirmed that the new covered porch will be in line with the existing living room wall and Mr. Cook stated that this will not be visible from the road. Ms. Shoemaker commented that this is a historic house, but there is little demolition.

Chair Grassetti requested that the dormer be dropped below the original ridge line and Mr. Cook stated that this would be incorporated into the design.

**Motion duly made by Nancy Shoemaker, seconded by Marilyn Fifield, that in accordance with Chapter 112 § 3D the Barnstable Historical Commission does not find that the portion of the building to be demolished at 148 Main Street, Cotuit is significant in accordance with the Definition in Chapter 112 § 2B.**

Mr. Morin was present to represent his son and daughter-in-law, and it was his understanding that there was a fire years ago and no one has been living there for approximately 10 years. He did not consider the building salvageable.

The Commissioners reviewed the photographs and Chair Grassetti asked if they had plans for what would be built in its place. Mr. Morin stated that they have not decided and Chair Grassetti asked that any new structure be in keeping with the neighborhood.

Marilyn Fifield noted that the Community Preservation Committee looks favorably on projects that have matching funds.

Chair Grassetto discussed options for announcing this gift account to the public, perhaps via the Town website, and Marilyn Fifield reminded that tax bills also offer the opportunity for donations to Town enterprises.
