Joe Mackinnon and Chris Clark were in attendance.

Approved 9/13/2023

Joe led the presentation with a photo of the existing sign that has been in place for the past 55 years. They would like to replace with a new slightly smaller sign with the standard color of the college and the standard font of the college. The cabinet will be illuminated with LED lighting from within and operated from a photocell to be turned on when it is dark.

Lesley- Appropriate.

Wendy- Commented on how amazing the original sign lasted as long as it did. Asked if the existing sign is lighted from within.

Joe- Originally, it was lighted from within but the equipment for that failed years ago and is now illuminated by a small light outside of the sign. On the new sign, only the letters will be illuminated.

Wendy- Asked if the lighting will only be for the letters and not overly bright.

Joe- Correct.

Wendy- Looks very nice and thinks it is appropriate.

Ryan- Echoed the sentiments of the Committee. He stated he is not a big fan of internally lit signs as they look too commercial, but in light of the mission of the college he does not take any exception. Commented that he remembers the original sign being illuminated within and that the materials that no longer available.

Joe- Will be ordering spare parts so that they do not run into the issue of not being able to fix the sign if they need to. There is multiple LED lights within for energy conservation.

Bett- It's good for the sign to be illuminated since for all the night courses that the college runs. The traditional colors is appropriate. The sign is appropriate.

Public Comment: None

Wendy Shuck moved to close the public hearing. Seconded by Lesley Wallace.

Approved 9/13/2023

Tom Moore representative for the Danahy's was present. Kevin and Sonia Danahy were in attendance as well.

Tom explained that they would like to make some renovations including the three season room on the back of the house, changing the look of the garage, new portico on the front, and new dormers on the front of the house. All materials to match the existing home.

Wendy- Thought the design blends in really well with the existing structure. Very appropriate for the neighborhood.

Lesley- Agreed with Wendy. It all looks appropriate.

Ryan- Asked what the pitch on the dormers on the front of the house is.

Tom- 5 or a 6 pitch.

Ryan- Asked what the existing roofing material is.

Tom- Asphalt shingle.

Ryan- Asked if the whole roof is being done or just the dormers.

Tom- Explained most of the house due to the renovations but is unsure if the whole of the house is ready for a full re-roof.

Ryan- Expressed concerns about the color contrast between the new roof and what is existing as the neighborhood is a very open space and it will be seen.

Tom- Certainly can do the whole front of the roof to match.

Ryan- Beyond that the other alterations are great.

Bett- The project and what is proposed is very appropriate and will blend in very nicely.
