TOWN MANAGER COMMUNICATIONS

Update November 20th December 3rd (Exhibit A)

Town Manager, Mark Ells introduced Peter Burke, Hyannis Fire Chief, to provide an update on remote testing status in Barnstable. The County intends to open three sites in the upper, middle and outer cape. The Melody Tent was chosen in Hyannis close to the

center of town, and the hospital campus. We do not expect lines of cars, as people will call a phone number manned by Cape Cod Healthcare for an appointment, the test is a nasal swab, put into a test tube, and results will be returned in about 24 to 48 hours. Insurance should cover the cost or out of pocket cost for those without health care should be minimal.

(Cullum) explain how people will get the test, do they need to check in with their physician and get a referral. (Burke) You call an 800 number and you will be scheduled for the test, they will handle the billing (Cullum) Do you need to be symptomatic (Burke) No. (Schnepp) what are the hours and the days that you are planning to run the testing site (Burke) still in the planning phases we are working through that right now (Schnepp) Is this just for Barnstable residents (Burke) No (Dagwan) this will be available to people who have do or do not have insurance (Burke) Yes (Shaughnessy) What is the efficacy rate of the test (Burke) we use them at the Hyannis Fire Dept it is 99.8% (Shaughnessy) What is it called (Burke) Anterior Nasal CPR (Rapp Grassetti) When is this going to start, a week out or days out? (Burke) Likely by next Friday (Hebert) To clarify for the folks at home, the insurance part, do they bring their insurance card with them? Do you have to get into a billing situation (Burke) managed by Cape Cod Healthcare, handled when you call them for an appointment

(Schnepp) Remind us of what it means to go back to phase three, step one (Ells) would like people go to the Mass.gov website and not make their decisions based on what I say. They need to look at the details; formal notification from the State, order number 56. It lists the types of businesses that are prohibited, some business are required to lower the capacity numbers. (Schnepp) excited about the awards that were received by channel 18, was it certain programming that was awarded (Poyant) gave kudos to the Sarah Beal, Station Manager, Paula Hersey, Assistant Station Manager, Chris Ledda, Video Specialist, and Stone Dow, Video Assistant and went on to list the programs awarded. (Shaughnessy) With regard to the remote learning center, who is the contact person, for potential guest speakers (Ells) Patti or Madeline or me.

Fiscal Policy Presentation on Comprehensive Wastewater Management Plan

Mark Milne, Director of Finance, explained there are several components to the fiscal policy and utilized a power point presentation to go over the information.

(Hebert) A special meeting that will be held on December 10th and it will not include public comment. (Schnepp) one recommendation, wherever we can have graphics to explain the difference it will be helpful in the future, provides ways for us to visualize the differences. (Milne) Yes (Clark) is this Power Point presentation going to be available on the Town website. (Ells) Yes we will share it on the website. As we speak about this further we will try to illustrate the differences, we have this burned into our memory. What the estimated costs will be, which properties will be involved, the Board of Health will be involved, and will be aware of the timeline. (Bogan) It is a little difficult, we will look forward to seeing the examples, like the recommendations; look forward to a more detailed discussion with graphics. (Schnepp) lots of modeling, if we go for a property tax override, how does that roll back on the sewer? (Milne) this plan is going to be fluid, if we are unsuccessful with the override ballot, we will look at alternative funding, if there is a general fund contribution there is a town wide contribution for the program.

Council President Hebert announced that he reviewed two sets of Executive Session minutes with the Town Clerk and the Town Attorney. Based upon that review, he announced the following:

I approved the Executive Session minutes of the 8/20/20 relating to a strategy session in preparation for negotiations with Mark S. Ells, a non-union employee, and have authorized the release of said minutes.

The following previously approved Executive Session minutes were again reviewed and determined as follows:

Director, Mark Milne gave the rationale

Open public hearing seeing no one, close public hearing

(Schnepp) Are multifamily properties considered residential or commercial? (O’Neil) any residential including apartments are valued and taxed at the residential rate, as a place of habitation per the state codes. (Schnepp) So rental properties are taxed higher rate than commercial properties, because they are not getting the residential exemption (O’Neil) lower, the residential rate is higher (Schnepp) landlord that owns apartments will be taxed at the higher residential rates (O’Neil) Yes, but they would be getting money off their value first.
