NOTE: The parcel lines are only graphic representations of property boundaries. They are not true locations, and do not represent actual relationships to physical objects on the map.

DATA SOURCES: Planimetrics (man-made features) were interpreted from 1995 aerial photographs by the James W. Sewall Company. Planimetrics were mapped to meet National Map Accuracy Standards at a scale of 1" = 100'. Parcel lines were digitized from FY2002 Town of Barnstable Assessor's tax maps.
